An Overview

Leica Geosystems

They make cool lasers & stuff

A LITTLE MORE INFO

Leica Geosystems has been building precision surveying equipment since 1921.

In 1993, Leica introduced the first handheld laser distance meter, building off reflectorless technology that revolutionized land surveying.

THE TRANSLATION NETWORK

A Brief History

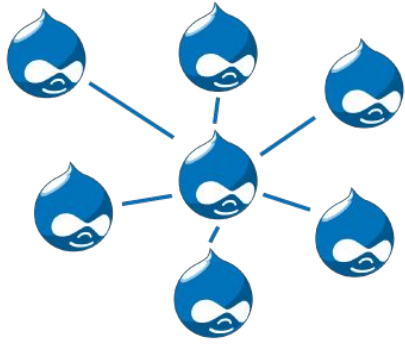

Leica has had 2.5 sites

1. **STARTED WITH HTML/CSS/JS**
2. **DRUPAL 7 MULTI-SITE**
3. **REDESIGN OF DRUPAL 7 MULTI-SITE**

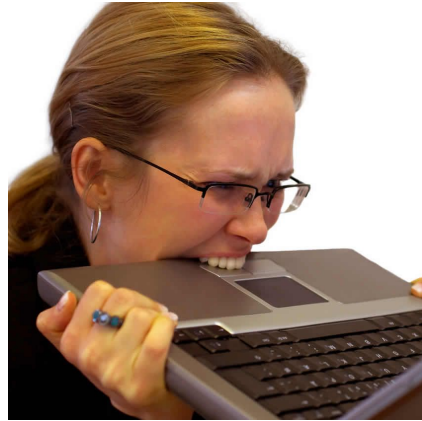

The Problem

Drupal 7 Multi-Site

Drupal 7 Multi-site

Admins login to
10+ different sites

Had to translate
8+ Sites

Products & Content
had to be update
8+ Times

Today...
Or some day in the future

Leica's new
Drupal 8 Site.
Coming Soon to a
Browser near you.

Domain

AKA Domain Access

Domain Out of the Box

1. MULTIPLE DOMAINS

Domain allowed Leica to host multiple “sites” under one Drupal installation.

2. SINGLE SITE FOR ADMINS

Domain alleviates the need for admins to login to multiple sites. Clear one cache and run DB updates once.

3. CONTENT SHARING

With Domain Module sites admins have the ability to assign content to certain domains.

4. CONTENT ACCESS

Domain allows for access to content to be set per domain. Great for keeping Country editors on their own site.

Country Path

EXPLORE PRODUCTS

BUY

Q Find a product

Remember those
URLs we talked
about?
They're Back!!!

Commerce

Commerce *Out-of-the-Box*

1. MULTIPLE STORES

One instance of Commerce (Drupal) can support multiple stores.

2. PRODUCTS SHARING

Commerce allows for sharing of products across multiple stores and currencies.

3. STORE SPECIFIC PRODUCTS

Products can be limited to one store.

4. COMMON COMMERCE FEATURES

You get normal commerce features such as:

- Shopping Cart
- Coupons/Promotions
- Payment Gateways/Methods

Commerce Store Domain

Name *

The store name.

▶ [RFQ SETTINGS](#)

Email *

Store email notifications are sent from this address.

Default currency *

The default currency of the store.

Allows each
Commerce Store to
be assigned to a
Domain

DOMAIN
